Work Experience

image360   May 2024 - Present
Graphic Designer

- Developed and executed innovative design solutions for various sign types,
  enhancing client branding and visual communication through custom graphics and layouts.
- Collaborated with clients to understand their design needs, providing personalized consultations
  and ensuring satisfaction through iterative feedback and revisions.
- Utilized industry-standard design software (e.g., Adobe Creative Suite) to produce high-quality
  print and digital materials, streamlining the production process and improving turnaround times.

Keylink IT
Graphic Designer   May 2023 - May 2024

- Led a comprehensive rebranding initiative for the company, including redesigning the logo,
  updating brand guidelines, and refreshing marketing materials to align with brand identity.
- Created engaging visual content for digital and print media, including website, graphics, social
  media assets, email campaigns, and promotional materials.
- Produced high-quality designs using Adobe Illustrator, InDesign, and Photoshop for various
  client projects, meeting tight deadlines and exceeding client expectations.

Bridgestone Americas   January 2023 - May 2023
Graphic Design Internship

- Supported the design team in the creation of visual assets for digital and print materials,
  including advertisements, brochures, presentations, and social media content, adhering to
  brand guidelines and design standards.
- Supported the production process by preparing files for print and digital distribution, ensuring
  accuracy and quality control throughout the production lifecycle.
- Demonstrated strong communication and time management skills, balancing multiple projects
  and deadlines while maintaining open communication with supervisors and team members.
